

**YAKAMA NATION HUMAN RESOURCES DEPARTMENT
JOB ANNOUNCEMENT**

Announcement # 2016-083 **Issue Date:** 05-12-16 **Closing Date:** 05-25-16

Maintenance Technician
YN Fisheries YKFP
Department of Natural Resources
Hourly Wage: \$21.50/Regular-Full/Time
Location: Lyle, WA

Responsible to perform a variety of duties necessary to maintain or repair hatchery/fish monitoring sites (facilities) and equipment or construction of facilities.

Knowledge, Skills and Abilities:

- Knowledge and skill in a variety of general maintenance tasks requiring less than journeyman level knowledge in such trades as: electrical work, welding, plumbing, carpentry, small engine and outboards motors.
- Knowledge of maintenance pumps, vehicles and small engines.
- Knowledge of all hand tools, air tools, drills, roto-hammers.
- Knowledge of plumbing and the fabrication of plumbing systems using PVC and related materials.
- Ability to work from blueprints, plans or general instructions and must be able to determine work procedures and details of work layout.
- Ability to request and receive bids and work with contractors once a contract is established.
- Ability to develop a thorough understanding of fishway design, operation and maintenance requirements of the fishway in order to keep the fishways in top performance.

General Recruiting Indicators:

- Minimum of at least three years work experience performing duties involved in maintenance repairs. Schooling may be substituted for work experience on a two to one year basis.

Special Requirements:

- Required to pass a pre-employment drug and alcohol test.
- Required to pass a pre-employment background check.
- Must possess or have ability to obtain a valid Washington State Driver's license and have the ability to obtain a YN Tribal Driver's Permit.
- On-call to respond to emergency situations at all times.
- Must be in good physical health and have the ability to work long hours under various field conditions in an unsupervised manner.
- Work in confined spaces such as fishway tunnels.
- Prolonged standing, walking, stooping, bending and climbing are required as well as lifting and carrying. Items up to 20 pounds are frequently lifted and objects weighing 50 pounds or more are hauled occasionally.
- Work is done in and around running water both inside and outside, in all types of weather. A variety of protective and safety gear such as coveralls, aprons, rubber clothing, safety shoes, goggles and gloves are frequently worn.
